Saab 9-5 named Car of the Year in Singapore

Trollhättan, Sweden: The Saab 9-5 Sedan 2.8V6 Turbo has been named Car of the Year in Singapore by a prestigious Consumer Guide, published by Wheels Asia. The annual "Car Buyer's Guide 2011/2012" ranks all models on sale in Singapore, and the Saab 9-5 was favorably compared with the Audi A6 and BMW 535i in the Executive Sedan class.

- We are very happy, says Jonas Hernqvist, Regional Manager for the Asian markets. The markets in Asia are demanding and Singapore especially so, since it so restrictive when it comes to car imports. Therefore it is particularly gratifying and encouraging that the Saab 9-5 is honored in this way.
